

Michael Adeyemo

Product Designer | UI/UX | Design Systems

michaeladeyemo32@gmail.com · [Portfolio](#) · [LinkedIn](#) · [X](#) · [Substack](#) · Remote (UTC+1)

SUMMARY

Product designer with 2+ years designing AI, SaaS and web products for design studios, startups and organisations. Designed UI for multiple client products at the remote studio Anything Design, led product design for PromptPal at SecureStack Tech and for the MVP of Invofi's AI invoicing platform (onboarding drop-off down 25%), and redesigned the website of Miami MoCAAD. Founder of Clastro, an AI study platform used by 300+ students. Works end to end, from user mapping to design systems.

SKILLS & TOOLS

Skills: Product Design, UI/UX Design, Design Systems, Visual and Brand Design

Tools & Technical: Figma, Sketch, AI-powered design and prototyping tools, Claude Code, AI-assisted building tools, Basic JavaScript

EXPERIENCE

Anything Design — Mid-Level Product Designer (UI/UX) Singapore · Remote · Independent contractor · May – Jul 2026

- Designed UI screens for client products at a remote design studio that serves clients globally.
- Contributed to multiple product design projects running at the same time, across different client briefs.

SecureStack Tech — Lead Product Designer Delaware, USA · Remote · Oct 2025 – Feb 2026

- Led product design and UI/UX for PromptPal, a free AI prompt generator that turns what users describe into a ready-to-use prompt for ChatGPT, Claude or Gemini; live at promptpal.app.
- Joined as the product was growing; sign-ups rose and PromptPal crossed 600+ users during the role.

Invofi — Lead Product Designer Remote · Apr – Aug 2025

- Led design of the MVP as the only designer, taking an AI invoicing platform for Nigerian SMEs from user mapping to handoff.
- Ran user mapping and problem identification, then reworked the onboarding flow, reducing drop-off by 25%.
- Built a scalable Figma component library and used AI tools to speed iteration, cutting design-to-dev handoff time by 30%.
- Replaced manual invoice entry with AI extraction: upload a contract and the line items, VAT and terms fill in.

Miami MoCAAD — Website Designer Miami, FL, USA · Remote · Mar – May 2025

- Redesigned the museum's website for a global audience: restructured navigation and exhibition pages, applied WCAG patterns.

CodingClicks — UI/UX Designer Remote · Jan – Mar 2025

- Designed UI/UX for 4 client mobile apps and websites, and used AI-assisted workflows to cut iteration cycles by 20%.
- Organised developer handoff, which the Creative Director credited with saving developers weeks of rework.

Clastro — Lead Product Designer Remote · Dec 2025 – Present

- Lead product design for an AI student intelligence platform that turns course material into notes, quizzes, graded practice exams, podcast lessons and a voice tutor; used by 300+ students.
- Designed class-code course joining and the Paystack subscription flow (7-day trial, monthly and semester plans).
- Leading the 2026 relaunch: brand identity, mascot and illustration system, marketing site and app UI.

SELECTED PROJECTS

- AMEN Awards** (Oct 2026) — Worked with a team of designers on a public awards platform where people nominate creatives and the community votes. Designed the home page with a mentor: explored 8 directions, then shipped the hero, Media wall, categories and how-it-works in 4 merged PRs. awards.amen.africa
- Lagos Life, unofficial concept** (Oct 2026) — Website concept and product experience for the viral life-sim by Ijeoma Shalom Rayhamen: a players and advertisers site, 200+ illustrations and a HUD-fix prototype; 152k views on X. lagoslife-concept.pages.dev
- Vanish** (Jul – Oct 2026) — A private, in-browser video watermark removal tool. Led product, UX/UI and brand design: draw a box over the mark, pick a fill, compare before and after, and export, with nothing uploaded. withvanish.com
- SpaciaOS** (2026) — An AI sales product for luxury real estate that calls new enquiries within seconds, qualifies leads and books inspections. Designed the sales dashboard, landing page, brand mark and teaser films.

AWARDS

- Male Tech Entrepreneur of the Year** — Obafemi Awolowo University (2026)
- Innovation & Leadership Award** — Obafemi Awolowo University (2024)

EDUCATION & CERTIFICATIONS

Obafemi Awolowo University — B.Sc. Biochemistry

Expected 2027

Certifications: UI/UX Designer, Torilo Academy (2024) · Google UX Design (2024) · Digital Illustration (2025)
